Tokyo (Tuesday, November 1, 2005) – Shinsei Bank, Limited (“Shinsei Bank”) today announced that the Bank will start sales of three investment-type (variable) individual annuity insurance products to provide customers who are starting their “second life” a broader range of asset management choices.

Shinsei Bank will start sales of Hartford Life Insurance K.K.’s new product “Adagio V3” on November 7. The Bank also started sales of “Mirai-Kouro” of Mitsui Sumitomo MetLife Insurance Co., Ltd., and “Smile” of T&D Financial Life Insurance Company on October 24.

In response to a greater demand for annuity products, Shinsei Bank newly starts handling three individual annuity insurance products to provide customers choices among products matching to their lifestyles. With these products, we meet various kinds of needs such as “for securing funds to enjoy lives after retirement while the principals are guaranteed at the same time,” “for having more solid asset plans,” and “for receiving dividends of 10, 15 years later through active asset management.” Specialists at the Shinsei Financial Centers will provide advice to customers for suitable products based on their life plans and needs.

Under the brand concept “Color your life,” Shinsei will provide products and services that will enrich and add color to the customers’ second lives.

Please see the attachment for the product details.

Investment-type individual annuity insurance products Shinsei Bank starts to sell

○ “Adagio V3”

Underwriter: Hartford Life Insurance K.K.

Start of sales: November 7 (Monday)

Features: This is a new investment-type individual annuity insurance with periodical cash flow while investing assets on a long-term basis for customers who wish to secure guarantee for later life while spending money to actively enjoy their second lives.

This Benefit Payment System enables customers to receive periodical cash flow after one year from the conclusion of the contract, which meets their demand to actively enjoy their lives at hand. Moreover, the customers can choose not to receive periodical cash flow. In this case, they are entitled to bonus cash flow at maturity, which may increase enjoyment of investment for the future. In this insurance product, paid-in premiums (principal) are covered by the minimum guarantee for the entire benefits, being the sum of cumulative periodical cash flow and annuity guarantee amounts. Moreover, stocks comprise about 60% of the invested “balance funds,” which seeks opportunities to increase active customers’ assets.

○ “Mirai-Kouro”

Underwriter: Mitsui Sumitomo MetLife Insurance Co., Ltd.

Start of sales: October 24 (Monday)

Features: This is a fully-fledged investment-type individual annuity insurance targeting customers who want to lead an affluent life after retirement. This product simultaneously allows pleasure of long-term asset management and comfort of guarantees in paid-in premiums (principal).

The product seeks a long-term active assets growth through continuous investment in “balance funds,” a profit-oriented and diversified investment in domestic and overseas equities and bonds after the start of receiving annuities. Moreover, because 105-115% of paid-in premiums (principal) are the minimum guarantee as the total amount of annuity according to the investment course chosen, customers who aim for an upgraded second life can comfortably conduct asset management.

○ “Smile”

Underwriter: T&D Financial Life Insurance Company

Start of sales: October 24 (Monday)

Features: This is a simple and easy to understand investment-type individual annuity insurance for customers who wish to prepare for their second lives with assuredness, which provides pleasure of asset increase as well as comfort of paid-in premiums (principal) guarantee.

In case customers chose 10-year course, paid-in premiums (principal) are the minimum guarantee as the pension resource at maturity which comes 10 years later. It allows flexible life plans, because paid-in premiums (principal) are the minimum guarantee for the pension resource while customers have four options when receiving annuities and even they wish to receive in a lump-sum. Furthermore, “balance funds” seek stable investment by higher allocation of bonds in order to support solid second lives.

Tokyo (Wednesday, November 2, 2005) – Effective December 1, 2005, Shinsei Bank, Limited (“Shinsei Bank”) will set a daily limit as below for fund transfers including transfers to accounts within Shinsei Bank in order to ensure transaction security for the customers using the *PowerFlex* Account. While the fund transfer limit will initially be set at 500,000 yen, a uniform amount, customers will be able to change the limit depending on their transaction needs.

Shinsei Bank fund transfer limit (Daily limit; effective December 1, 2005)

Initial limit (Uniform amount)	Request-based change of the limit
500,000 yen	Between 0 yen and 2,000,000 yen in units of 10,000 yen *

- * This is the case for making change through internet banking Shinsei *PowerDirect*. Customers who want to set the fund transfer limit at an amount exceeding two million yen need to contact the Call Center (Shinsei *PowerCall*) or visit the branch (Shinsei Financial Center.)

Shinsei Bank places primary importance on safeguarding the valuable information and assets of customers. Separately, Shinsei Bank has already carried out a reduction in the ATM withdrawal limit; services for changing the ATM limit; “*PowerYokin*” a deposit that prevents direct withdrawals from ATMs unless customers transfer the funds to an ordinary account in advance and so on. At the same time, Shinsei Bank is striving to ensure the safety of customer deposits by taking the following security measures for internet banking Shinsei *PowerDirect*.

- Log-in by three kinds of codes for identification; branch number/account number (10 digit), ID number (4 digit) and a *PowerDirect* password (6-12 digit)
- Log-in by inputting on the security board (a safer method for not leaving keyboard operation records)
- Use of 128-bit SSL encryption
- Banking server protection using firewalls, etc.

By pursuing customer convenience and further security, the Bank endeavor to realize the brand concept, “Color your life,” which embodies the Bank’s commitment to bring the reality of a lifestyle abundant with color to the customers. - Convertible from variable to fixed interest rate -

Tokyo (Monday, November 7, 2005) – Shinsei Bank Limited ("Shinsei Bank") today announced the launch of "PowerSmart" Home Mortgage, with a conditional 10-year convertible variable rate option, which will be offered from today through March 31, 2006. This new product offers a real-time solution to customers who want to protect themselves against rising interest rates.

The "PowerSmart" Home Mortgage will provide a variable interest rate of 1% p.a. (as of November 7, 2005/interest rate may change daily/0.5% will be subtracted from the daily variable rate) for customers to benefit from the current low interest rate and also to hedge against a rise in interest rates in the future. The "PowerFreeze" function in the "PowerSmart" Home Mortgage allows customers to lock in on a fixed interest rate for the remaining term of the 10-year loan. Customers can easily switch to a fixed interest rate by contacting the Shinsei *PowerCall* call center (calls are accepted everyday). A special interest rate, standard rate minus 1% p.a., will be applied as the fixed interest rate (Please refer to the attachment).

As with the existing "PowerSmart Home Mortgage", a guarantee fee will not be charged to customers who use the "SmartPayment" service, which automatically makes early repayment with funds exceeding the designated balance in the savings account. Customers can also utilize "PowerPocket" service, which enables them to overdraw funds up to the total early repayment amount (in case of additional financial needs after early repayment). These features of the "PowerSmart Home Mortgage" offer great benefits to customers who want to reduce their loan principal, shorten the life of the loan and improve financial flexibility.

There is no processing fee for those who apply for "PowerSmart Home Mortgage" during the period from November 7 to December 31, 2005.

Under the brand concept "Color your life", Shinsei will continue to develop products and services to satisfy customer's diverse needs.

Shinsei Bank to Start Offering an Automatic Installment Type Foreign Currency Time Deposit

Tokyo (Tuesday, November 8, 2005) – Shinsei Bank, Limited (“Shinsei Bank”) today announced the launch of “*PowerBuilder*”, a new foreign currency installment time deposit.

Customers can invest in this foreign currency deposit with a monthly minimum installment of 10,000 yen through Shinsei *PowerDirect* internet banking and it gives consumers the opportunity to earn higher yields than traditional Japanese yen deposits. “*PowerBuilder*” is available in U.S. Dollar, Euro, Australian Dollar, New Zealand Dollar and Sterling Pound. Deposits will be made automatically from a yen savings account to the “*PowerBuilder*” account on a stipulated day each month. The deposit tenors currently offered are 6 months, 1 year, 2 years or 3 years and a bonus interest payment in yen will be credited to the savings account for deposits that fulfill all installments without any failure until maturity*¹.

By purchasing foreign currency over a period of time in fixed yen installments, the unit cost of foreign currency is averaged out during the term. “*PowerBuilder*” enables customers to build their assets with higher interest rate on a foreign currency deposit while averaging out any exchange fluctuation risk. It is an affordable product for even those who are interested in higher yields in foreign currency deposits but worry about exchange risks.

Under the brand concept “Color your life”, Shinsei will continue to develop products and services to satisfy customer's diverse needs.

Term, Interest rate and Minimum deposit of “*PowerBuilder*”

	U.S. Dollar (USD)	Euro (EUR)	Australian Dollar (AUD)	New Zealand Dollar (NZD)	Sterling Pound (GBP)
Interest rate * ² : per annum	Term: 6-month, 1-year, 2-year, 3-year				
	2.5%	1.0%	4.0%	5.0%	3.0%
Minimum Deposit * ³ : Yen denominated amount	10,000 yen	10,000 yen	10,000 yen	10,000 yen	10,000 yen
Foreign currency denominated amount	100USD	100EUR	200AUD	200NZD	100GBP

*¹ Bonus interest payment:

[Principal amount at maturity] x 0.5 yen (round down)

(Example) In case 100USD is installed monthly for 1 year:

Foreign currency principal at maturity = 100USD x 12 months=1,200USD

Bonus interest rate = 1,200 x 0.5 yen = 600 yen (before tax)

*² Before 20% separate withholding tax. Interest rate is as of November 8.

*³ "Minimum Deposit" is a monthly installment amount as well as a minimum deposit to open "PowerBuilder" account.

Net yield on interest earning assets and fees and commissions grew in all key areas resulting in strong overall revenue growth.

Net revenue on interest earning assets, comprising net interest income, net margin on leases and installment receivables, increased by 37.2 billion yen to 63.7 billion yen for the first half of FY2005 as compared to the same period last year. Net yield on interest earning assets increased by 0.86% for the first half FY2005 to 1.95% from 1.09% during the same period in fiscal 2004. Total revenue from interest earning assets increased to 84.9 billion yen for the first half FY2005 from 42.6 billion a year ago. Higher yields on interest earning assets accounted for 65% of the increase in total revenue, with higher average balances accounting for the remainder. The increase in yields and average balances was primarily due to addition of APLUS and Showa Leasing to the consolidated totals and the inclusion of leases and installment receivables in interest earning assets. Interest expense for the first half of FY2005 increased by 5.0 billion yen to 21.2 billion yen. Higher interest bearing liability balances accounted for about 81% of the increase in interest expense while higher yields accounted for the remaining 19%. The increase in interest bearing liability balances primarily resulted from the inclusion of APLUS and Showa Leasing bank borrowings.

Non-interest income grew 42.9 billion yen to 90.4 billion yen. This significant rise is partly driven by fees on installment shopping credit, credit cards, guarantees and other financing from newly acquired APLUS customers, fees from institutional customers from non-recourse real estate finance and securitizations and commissions on sales of asset management products to retail

and high net worth customers.

General and administrative expenses increased by 28.1 billion yen to 66.6 billion yen in the first half of fiscal 2005 mainly due to the inclusion of APLUS and Showa Leasing. This expense increase was partly offset by continual expense rationalization across all businesses. During the first half, Shinsei Bank's expense to revenue ratio improved to 51.1% from 52.8% in the first half of FY2004.

Net credit costs for the first half were 14.5 billion yen, as compared to net credit recoveries of 10.6 billion yen for the same period a year ago. The net credit recoveries during the first half last year were primarily attributable to reduction in the historical default ratio due to improvement in overall asset quality. The net credit costs in the first half of this fiscal year mainly relate to net credit costs in APLUS and Showa leasing.

Consolidated net income for the period was 37.7 billion yen, as compared to 40.7 billion yen for the same period last year. The first half of this fiscal year included 12.8 billion yen of amortized acquired goodwill and intangible assets, net of tax benefit related to the acquisition of APLUS and Showa Leasing. Diluted net income per share for the six months ended September 30, 2005 was 18.71 yen.

Shinsei Bank also reports cash basis net income on a voluntary basis in order to provide greater transparency and understanding of its underlying performance. Cash basis net income is calculated by excluding amortization of acquired goodwill and intangible assets, net of tax benefit, from net income under Japanese GAAP. For the first half of fiscal 2005, consolidated cash basis net income was 50.5 billion yen, an increase of 24.0% as compared to the same period last year. Cash basis diluted net income per share for the first half of fiscal 2005 was 25.08 yen, an increase of 3.92 yen or 18.6%, as compared to the same period last year.

On a non-consolidated basis, Shinsei Bank earned first half FY2005 net business profit before general reserve for loan losses (*jisshitsu gyomu jun-eki*) of 34.2 billion yen and non-consolidated net income after tax of 39.1 billion yen.

2. Business Line Results

Shinsei Bank continued to focus on its product offerings to its three business lines – Institutional Banking, Consumer and Commercial Finance and Retail Banking. All three businesses grew revenue in the first half in line with Shinsei Bank's customer-focused, solution driven business

model.

Institutional Banking

The Institutional Banking business is benefiting from carrying out its “solution banking” approach and bringing investment banking services and expertise to the target customer base quickly and efficiently through an integrated team of product specialists and relationship managers. This business is now positioned in Japan as a hybrid commercial and investment banking franchise. The business generated revenue of 52.6 billion yen in the first half of this fiscal year – an increase of 3.0 billion yen or 6.2% from the same period the previous year. It delivered strong results in non-recourse real estate finance, securitizations and capital markets activities. The non-recourse real estate finance balance grew 14.4% to 851.8 billion yen in the first half of this fiscal year, with 80 new transactions concluded during the six-month period. The securitization business continues to perform well, closing 10 transactions during the first half with a total issuance amount of about 235.6 billion yen. The continual success of this business earned Shinsei Bank and Shinsei Securities in May 2005 the “Commercial Mortgage-backed Securities Deal of the Year” for 2004. In the first half, general and administrative expenses were 19.5 billion yen, marginally higher than the same period last year. This resulted in an expense to revenue ratio improvement from 38.4% in the first half FY2004 to 37.1% in the first half FY2005.

Consumer and Commercial Finance

The acquisition of APLUS and Showa Leasing in FY2004 transformed Consumer and Commercial Finance (“CCF”) business into a core Shinsei Bank business that is now contributing significantly to the Bank’s financial performance while adding new customers, experienced personnel, technical capabilities and employing Shinsei Bank’s expertise and know-how. In the first half of fiscal 2005, CCF business contributed revenue of 57.6 billion yen, or over 44% of total Shinsei Bank’s revenue. Continual expense rationalization coupled with revenue growth improved the expense to revenue ratio to 51.8% in the first half of this fiscal year from 88.5% a year ago. The business generated ordinary business profit of 27.8 billion yen, an increase of 27.4 billion yen from the same period last year primarily due to the addition of newly acquired subsidiaries – APLUS and Showa Leasing.

Shinsei Bank has appointed several senior officers in the consumer and commercial finance business. Teruaki Yamamoto, a director of Shinsei Bank, was appointed as APLUS President in June 2005. Hitoshi Tsunemine of Shinsei Bank was appointed President of Shinki, a 39% owned affiliate, in June 2005.

Retail Banking

The Retail Banking business continued to expand its range of innovative products and focus on empowering the customer. During the first half of this fiscal year, total revenue increased 1.3% to 21.5 billion yen from the same period last year. As compared to the same period a year ago, net interest income grew 1.2 billion yen or 17.8% to 8.4 billion yen reflecting robust growth in housing loans and deposits. Fees from asset management products increased 16.7% to 3.2 billion yen from the same period last year while option income from structured deposits declined marginally by 1.5 billion yen to 10.4 billion due to particularly favorable market conditions for these products a year ago. Retail Banking had total expenses of 17.5 billion yen, an increase of 1.5 billion yen, during the six months period. The expense increase relates to expansion of distribution channels and the growth of customer driven transactions. Ordinary business profit was 4.0 billion yen for the first half of fiscal 2005.

During the first half of fiscal 2005, following the successful launch of Shinsei Bank's "Color your life" campaign, Shinsei Bank added more than 247,000 new *PowerFlex* retail and high net worth customers, compared to about 194,000 over the same period last year. The retail business now has over 1.5 million retail accounts.

ALM/Corporate/Other

ALM, Corporate and Other primarily includes results of corporate treasury activities, income from proprietary investments, inter-company eliminations, and corporate level expenses. The first half ordinary business loss of 1.0 billion yen is better by 0.8 billion yen as compared to the same period last year largely due to lower expenses.

3. Balance Sheet

Shinsei Bank's loan balance was 3,828.0 billion yen at the end of September 2005, 397.6 billion yen or 11.6% higher than the March 2005 level. In the first half, strong loan growth was achieved in several key areas such as corporate loans, retail housing loans, non-recourse real estate finance and lending to CCF customers. Corporate loans increased 6.8% or 167.4 billion yen to over 2.6 trillion yen and loans to retail customers, including lending to high net worth individuals, grew 36.4% or 112.2 billion yen to 420.3 billion yen. Lending to CCF customers increased 42.3 billion yen to 315.0 billion yen in the six-month period ended September 30, 2005.

Debentures and corporate bond balances, as a component of the banks funding, continue to

decrease in line with the strategy to emphasize funding through retail deposits. As of September 30, 2005, total debentures and corporate bonds stood at 1,263.7 billion yen, a decline of 67.2 billion yen during the six-month period. Total deposits increased 14.8% to 3,964.3 billion yen mainly due to an increase in retail deposits. The retail deposits balance, including high net worth customers, grew over 23% in the first half and has now reached over 2.8 trillion yen. As a result, retail funding now represents close to 64% of total customer funding, an increase from 60% as of March 2005.

4. Non-performing Loans (non-consolidated)

Shinsei Bank made further progress in bringing down its non-performing loan balances. As of September 30, 2005, total non-performing loans were at 46.1 billion yen – a decline of 27.7 billion yen or 37.5% as compared to the same period a year ago and a reduction of 5.7 billion yen from March 31, 2005. Non-performing loans currently represent 1.16% of total claims outstanding.

5. Reserve for Credit Losses (non-consolidated)

The total reserve for credit losses was 114.5 billion yen as of the end of September 2005, a decline of 9.9 billion yen from the end of March 2005.

6. Dividends

The first half of fiscal 2005 financials and a proposal for Shinsei Bank to pay interim dividends to common shareholders of 1.48 yen per share, as compared to 1.29 yen per share a year ago, will be submitted to the Board of Directors on November 30, 2005.

Shinsei Bank is a Japanese banking institution founded on global standards of governance and management. With over \$61 billion in assets and 30 Shinsei Financial Centers throughout Japan (non-consolidated, as of September 2005), Shinsei provides a broad range of value-added financial solutions to institutional and individual customers under the banner of "Better Banking." Our PowerFlex account, free ATM network and internet banking service, and customer friendly financial centers have redefined the Japanese retail banking experience. Shinsei is committed to long-term growth and profitability by expanding its customer-focused business model.

 **Good Design Award 2005**
"Cash card that you can choose from 32 colors"

Overview of Good Design Award

"Good Design Award (G-Mark System)" is Japan's only comprehensive design evaluation and commendation system which is based on "Good Design Selection System" established by the Ministry of International Trade and Industry in 1957. In 1998, it was privatized in the context of administrative reform and became a major project for the Japan Industrial Design Promotion Organization (JIDPO) in 1998.

Today, Good Design Award is developed into 4 categories; "Communication Design Category," "Product Design Category" for industrial products and software design, "Architecture and Environment Design Category" for architecture and environment space design, and "New Territory Design Category" for project, in general or contribute to develop regional culture, focused on design.

Shinsei Bank Increases Annuity Product Line for Individual Second Life

Tokyo (Tuesday, November 1, 2005) – Shinsei Bank, Limited ("Shinsei Bank") today announced that the Bank will start sales of three investment-type (variable) individual annuity insurance products to provide customers who are starting their "second life" a broader range of asset management choices.

Shinsei Bank will start sales of Hartford Life Insurance K.K.'s new product "Adagio V3" on November 7. The Bank also started sales of "Mirai-Kouro" of Mitsui Sumitomo MetLife Insurance Co., Ltd., and "Smile" of T&D Financial Life Insurance Company on October 24.

In response to a greater demand for annuity products, Shinsei Bank newly starts handling three individual annuity insurance products to provide customers choices among products matching to their lifestyles. With these products, we meet various kinds of needs such as "for securing funds to enjoy lives after retirement while the principals are guaranteed at the same time," "for having more solid asset plans," and "for receiving dividends of 10, 15 years later through active asset management." Specialists at the Shinsei Financial Centers will provide advice to customers for suitable products based on their life plans and needs.

Under the brand concept "Color your life," Shinsei will provide products and services that will enrich and add color to the customers' second lives.

Please see the attachment for the product details.

Investment-type individual annuity insurance products Shinsei Bank starts to sell

○ "Adagio V3"

Underwriter: Hartford Life Insurance K.K.

Start of sales: November 7 (Monday)

Features: This is a new investment-type individual annuity insurance with periodical cash flow while investing assets on a long-term basis for customers who wish to secure guarantee for later life while spending money to actively enjoy their second lives.

This Benefit Payment System enables customers to receive periodical cash flow after one year from the conclusion of the contract, which meets their demand to actively enjoy their lives at hand. Moreover, the customers can choose not to receive periodical cash flow. In this case, they are entitled to bonus cash flow at maturity, which may increase enjoyment of investment for the future. In this insurance product, paid-in premiums (principal) are covered by the minimum guarantee for the entire benefits, being the sum of cumulative periodical cash flow and annuity guarantee amounts. Moreover, stocks comprise about 60% of the invested "balance funds," which seeks opportunities to increase active customers' assets.

○ "Mirai-Kouro"

Underwriter: Mitsui Sumitomo MetLife Insurance Co., Ltd.

Start of sales: October 24 (Monday)

Features: This is a fully-fledged investment-type individual annuity insurance targeting customers who want to lead an affluent life after retirement. This product simultaneously allows pleasure of long-term asset management and comfort of guarantees in paid-in premiums (principal).

The product seeks a long-term active assets growth through continuous investment in "balance funds," a profit-oriented and diversified investment in domestic and overseas equities and bonds after the start of receiving annuities. Moreover, because 105-115% of paid-in premiums (principal) are the minimum guarantee as the total amount of annuity according to the investment course chosen, customers who aim for an upgraded second life can comfortably conduct asset management.

○ "Smile"

Underwriter: T&D Financial Life Insurance Company

Start of sales: October 24 (Monday)

Features: This is a simple and easy to understand investment-type individual annuity insurance for customers who wish to prepare for their second lives with assuredness, which provides pleasure of asset increase as well as comfort of paid-in premiums (principal) guarantee.

In case customers chose 10-year course, paid-in premiums (principal) are the minimum guarantee as the pension resource at maturity which comes 10 years later. It allows flexible life plans, because paid-in premiums (principal) are the minimum guarantee for the pension resource while customers have four options when receiving annuities and even they wish to receive in a lump-sum. Furthermore, "balance funds" seek stable investment by higher allocation of bonds in order to support solid second lives.

Shinsei Bank fund transfer limit (Daily limit; effective December 1, 2005)

Initial limit (Uniform amount)	Request-based change of the limit
500,000 yen	Between 0 yen and 2,000,000 yen in units of 10,000 yen *

- * This is the case for making change through internet banking Shinsei *PowerDirect*. Customers who want to set the fund transfer limit at an amount exceeding two million yen need to contact the Call Center (Shinsei *PowerCall*) or visit the branch (Shinsei Financial Center.)

Shinsei Bank places primary importance on safeguarding the valuable information and assets of customers. Separately, Shinsei Bank has already carried out a reduction in the ATM withdrawal limit; services for changing the ATM limit; "*PowerYokin*" a deposit that prevents direct withdrawals from ATMs unless customers transfer the funds to an ordinary account in advance and so on. At the same time, Shinsei Bank is striving to ensure the safety of customer deposits by taking the following security measures for internet banking Shinsei *PowerDirect*.

- Log-in by three kinds of codes for identification; branch number/account number (10 digit), ID number (4 digit) and a *PowerDirect* password (6-12 digit)
- Log-in by inputting on the security board (a safer method for not leaving keyboard operation records)
- Use of 128-bit SSL encryption
- Banking server protection using firewalls, etc.

By pursuing customer convenience and further security, the Bank endeavor to realize the brand concept, "Color your life," which embodies the Bank's commitment to bring the reality of a lifestyle abundant with color to the customers. Shinsei Bank continues to strive to develop products and services which offer value and convenience to the customers with the aim of being the bank of choice.

(Code: 8303, TSE First Section)**Shinsei Bank to Launch New Type of "PowerSmart" Home Mortgage**

- Convertible from variable to fixed interest rate -

Tokyo (Monday, November 7, 2005) – Shinsei Bank Limited ("Shinsei Bank") today announced the launch of "PowerSmart" Home Mortgage, with a conditional 10-year convertible variable rate option, which will be offered from today through March 31, 2006. This new product offers a real-time solution to customers who want to protect themselves against rising interest rates.

The "PowerSmart" Home Mortgage will provide a variable interest rate of 1% p.a. (as of November 7, 2005/interest rate may change daily/0.5% will be subtracted from the daily variable rate) for customers to benefit from the current low interest rate and also to hedge against a rise in interest rates in the future. The "PowerFreeze" function in the "PowerSmart" Home Mortgage allows customers to lock in on a fixed interest rate for the remaining term of the 10-year loan. Customers can easily switch to a fixed interest rate by contacting the Shinsei *PowerCall* call center (calls are accepted everyday). A special interest rate, standard rate minus 1% p.a., will be applied as the fixed interest rate (Please refer to the attachment).

As with the existing "PowerSmart Home Mortgage", a guarantee fee will not be charged to customers who use the "SmartPayment" service, which automatically makes early repayment with funds exceeding the designated balance in the savings account. Customers can also utilize "PowerPocket" service, which enables them to overdraw funds up to the total early repayment amount (in case of additional financial needs after early repayment). These features of the "PowerSmart Home Mortgage" offer great benefits to customers who want to reduce their loan principal, shorten the life of the loan and improve financial flexibility.

There is no processing fee for those who apply for "PowerSmart Home Mortgage" during the period from November 7 to December 31, 2005.

Under the brand concept "Color your life", Shinsei will continue to develop products and services to satisfy customer's diverse needs.

Shinsei Bank to Start Offering an Automatic Installment Type Foreign Currency Time Deposit

Tokyo (Tuesday, November 8, 2005) – Shinsei Bank, Limited (“Shinsei Bank”) today announced the launch of “*PowerBuilder*”, a new foreign currency installment time deposit.

Customers can invest in this foreign currency deposit with a monthly minimum installment of 10,000 yen through Shinsei *PowerDirect* internet banking and it gives consumers the opportunity to earn higher yields than traditional Japanese yen deposits. “*PowerBuilder*” is available in U.S. Dollar, Euro, Australian Dollar, New Zealand Dollar and Sterling Pound. Deposits will be made automatically from a yen savings account to the “*PowerBuilder*” account on a stipulated day each month. The deposit tenors currently offered are 6 months, 1 year, 2 years or 3 years and a bonus interest payment in yen will be credited to the savings account for deposits that fulfill all installments without any failure until maturity*¹.

By purchasing foreign currency over a period of time in fixed yen installments, the unit cost of foreign currency is averaged out during the term. “*PowerBuilder*” enables customers to build their assets with higher interest rate on a foreign currency deposit while averaging out any exchange fluctuation risk. It is an affordable product for even those who are interested in higher yields in foreign currency deposits but worry about exchange risks.

Under the brand concept “Color your life”, Shinsei will continue to develop products and services to satisfy customer’s diverse needs.

Term, Interest rate and Minimum deposit of “*PowerBuilder*”

	U.S. Dollar (USD)	Euro (EUR)	Australian Dollar (AUD)	New Zealand Dollar (NZD)	Sterling Pound (GBP)
Interest rate * ² : per annum	Term: 6-month, 1-year, 2-year, 3-year				
	2.5%	1.0%	4.0%	5.0%	3.0%
Minimum Deposit * ³ : Yen denominated amount	10,000 yen	10,000 yen	10,000 yen	10,000 yen	10,000 yen
Foreign currency denominated amount	100USD	100EUR	200AUD	200NZD	100GBP

*¹ Bonus interest payment:

[Principal amount at maturity] x 0.5 yen (round down)

(Example) In case 100USD is installed monthly for 1 year:

Foreign currency principal at maturity = 100USD x 12 months=1,200USD

Bonus interest rate = 1,200 x 0.5 yen = 600 yen (before tax)

*² Before 20% separate withholding tax. Interest rate is as of November 8.

*³ "Minimum Deposit" is a monthly installment amount as well as a minimum deposit to open "PowerBuilder" account.

- Consolidated ordinary business profit increased 85.9% to 63.8 billion yen ⁽¹⁾.
- Consolidated net income totaled 37.7 billion yen, 3.0 billion yen lower than the same period last year due to inclusion of 12.8 billion yen (net) of amortized acquired goodwill and intangible assets.
- Diluted net income per share was 18.71 yen.
- Consolidated cash basis net income increased 24.0% to 50.5 billion yen.
- Cash basis diluted net income per share was 25.08 yen, up 18.6% or 3.92 yen.
- Expense to revenue ratio improved to 51.1% from 52.8% ⁽¹⁾.
- Non-performing loans decreased 27.7 billion yen to 46.1 billion yen (non-consolidated) as of September 30, 2005 representing 1.16% of total claims outstanding.

Note : ⁽¹⁾ Management Accounting basis

First Half FY2005 Business Highlights

- Shinsei Bank entered into a joint venture – Servicegesellschaft Kreditmanagement GmbH - with NORD/LB, WestLB AG and J.C.Flowers & Co.,LLC for the work-out of non-performing loans. This becomes the first public sector banking company in Germany to offer purchase, restructuring and liquidation of non-performing loans.
- Shinsei Bank, in an alliance with Rakuten Securities Inc., launched a new online securities brokerage agent service which allows Shinsei Bank's retail banking customers to buy and sell shares in a Rakuten Securities account through Shinsei *PowerDirect*.
- Shinsei Bank and Credit Suisse Life concluded an agency agreement to launch a new variable annuity product via the internet.

- Growing number of Shinsei Bank's ATMs now accept Cirrus, MasterCard, VISA and Maestro cards issued overseas. In addition to cards issued by PLUS, VISA International and VISA Electron, Shinsei Bank's ATMs are now able to accept about two-billion cards issued worldwide.
- In May 2005, THOMSON DealWatch awarded Shinsei Bank and Shinsei Securities the "Commercial Mortgage-backed Securities Deal of the Year" for 2004 for the securitization of non-recourse loan extended to Mizuho Bank, Ltd., Head Office and Otemachi Financial Center.
- Shinsei Bank was ranked first in the Nihon Keizai Shimbun's customer satisfaction survey of Japanese financial institutions for the 2nd consecutive year.
- Fitch Ratings upgraded Shinsei Bank and Shinsei Trust to long-term BBB+ from BBB.
- Shinsei Bank became one of the component stocks of the "Nikkei 225" – Japan's most widely followed equity index.

1. Income Statement

Shinsei Bank reported consolidated revenue of 130.5 billion yen for the first half of fiscal 2005, an increase of 57.6 billion yen or 79.2% from the first half of fiscal 2004. Net yield on interest earning assets and fees and commissions grew in all key areas resulting in strong overall revenue growth.

Net revenue on interest earning assets, comprising net interest income, net margin on leases and installment receivables, increased by 37.2 billion yen to 63.7 billion yen for the first half of FY2005 as compared to the same period last year. Net yield on interest earning assets increased by 0.86% for the first half FY2005 to 1.95% from 1.09% during the same period in fiscal 2004. Total revenue from interest earning assets increased to 84.9 billion yen for the first half FY2005 from 42.6 billion a year ago. Higher yields on interest earning assets accounted for 65% of the increase in total revenue, with higher average balances accounting for the remainder. The increase in yields and average balances was primarily due to addition of APLUS and Showa Leasing to the consolidated totals and the inclusion of leases and installment receivables in interest earning assets. Interest expense for the first half of FY2005 increased by 5.0 billion yen to 21.2 billion yen. Higher interest bearing liability balances accounted for about 81% of the increase in interest expense while higher yields accounted for the remaining 19%. The increase in interest bearing liability balances primarily resulted from the inclusion of APLUS and Showa Leasing bank borrowings.

Non-interest income grew 42.9 billion yen to 90.4 billion yen. This significant rise is partly driven by fees on installment shopping credit, credit cards, guarantees and other financing from newly acquired APLUS customers, fees from institutional customers from non-recourse real estate finance and securitizations and commissions on sales of asset management products to retail

and high net worth customers.

General and administrative expenses increased by 28.1 billion yen to 66.6 billion yen in the first half of fiscal 2005 mainly due to the inclusion of APLUS and Showa Leasing. This expense increase was partly offset by continual expense rationalization across all businesses. During the first half, Shinsei Bank's expense to revenue ratio improved to 51.1% from 52.8% in the first half of FY2004.

Net credit costs for the first half were 14.5 billion yen, as compared to net credit recoveries of 10.6 billion yen for the same period a year ago. The net credit recoveries during the first half last year were primarily attributable to reduction in the historical default ratio due to improvement in overall asset quality. The net credit costs in the first half of this fiscal year mainly relate to net credit costs in APLUS and Showa leasing.

Consolidated net income for the period was 37.7 billion yen, as compared to 40.7 billion yen for the same period last year. The first half of this fiscal year included 12.8 billion yen of amortized acquired goodwill and intangible assets, net of tax benefit related to the acquisition of APLUS and Showa Leasing. Diluted net income per share for the six months ended September 30, 2005 was 18.71 yen.

Shinsei Bank also reports cash basis net income on a voluntary basis in order to provide greater transparency and understanding of its underlying performance. Cash basis net income is calculated by excluding amortization of acquired goodwill and intangible assets, net of tax benefit, from net income under Japanese GAAP. For the first half of fiscal 2005, consolidated cash basis net income was 50.5 billion yen, an increase of 24.0% as compared to the same period last year. Cash basis diluted net income per share for the first half of fiscal 2005 was 25.08 yen, an increase of 3.92 yen or 18.6%, as compared to the same period last year.

On a non-consolidated basis, Shinsei Bank earned first half FY2005 net business profit before general reserve for loan losses (*jisshitsu gyomu jun-eki*) of 34.2 billion yen and non-consolidated net income after tax of 39.1 billion yen.

2. Business Line Results

Shinsei Bank continued to focus on its product offerings to its three business lines – Institutional Banking, Consumer and Commercial Finance and Retail Banking. All three businesses grew revenue in the first half in line with Shinsei Bank's customer-focused, solution driven business

model.

Institutional Banking

The Institutional Banking business is benefiting from carrying out its "solution banking" approach and bringing investment banking services and expertise to the target customer base quickly and efficiently through an integrated team of product specialists and relationship managers. This business is now positioned in Japan as a hybrid commercial and investment banking franchise. The business generated revenue of 52.6 billion yen in the first half of this fiscal year – an increase of 3.0 billion yen or 6.2% from the same period the previous year. It delivered strong results in non-recourse real estate finance, securitizations and capital markets activities. The non-recourse real estate finance balance grew 14.4% to 851.8 billion yen in the first half of this fiscal year, with 80 new transactions concluded during the six-month period. The securitization business continues to perform well, closing 10 transactions during the first half with a total issuance amount of about 235.6 billion yen. The continual success of this business earned Shinsei Bank and Shinsei Securities in May 2005 the "Commercial Mortgage-backed Securities Deal of the Year" for 2004. In the first half, general and administrative expenses were 19.5 billion yen, marginally higher than the same period last year. This resulted in an expense to revenue ratio improvement from 38.4% in the first half FY2004 to 37.1% in the first half FY2005.

Consumer and Commercial Finance

The acquisition of APLUS and Showa Leasing in FY2004 transformed Consumer and Commercial Finance ("CCF") business into a core Shinsei Bank business that is now contributing significantly to the Bank's financial performance while adding new customers, experienced personnel, technical capabilities and employing Shinsei Bank's expertise and know-how. In the first half of fiscal 2005, CCF business contributed revenue of 57.6 billion yen, or over 44% of total Shinsei Bank's revenue. Continual expense rationalization coupled with revenue growth improved the expense to revenue ratio to 51.8% in the first half of this fiscal year from 88.5% a year ago. The business generated ordinary business profit of 27.8 billion yen, an increase of 27.4 billion yen from the same period last year primarily due to the addition of newly acquired subsidiaries – APLUS and Showa Leasing.

Shinsei Bank has appointed several senior officers in the consumer and commercial finance business. Teruaki Yamamoto, a director of Shinsei Bank, was appointed as APLUS President in June 2005. Hitoshi Tsunemine of Shinsei Bank was appointed President of Shinki, a 39% owned affiliate, in June 2005.

Retail Banking

The Retail Banking business continued to expand its range of innovative products and focus on empowering the customer. During the first half of this fiscal year, total revenue increased 1.3% to 21.5 billion yen from the same period last year. As compared to the same period a year ago, net interest income grew 1.2 billion yen or 17.8% to 8.4 billion yen reflecting robust growth in housing loans and deposits. Fees from asset management products increased 16.7% to 3.2 billion yen from the same period last year while option income from structured deposits declined marginally by 1.5 billion yen to 10.4 billion due to particularly favorable market conditions for these products a year ago. Retail Banking had total expenses of 17.5 billion yen, an increase of 1.5 billion yen, during the six months period. The expense increase relates to expansion of distribution channels and the growth of customer driven transactions. Ordinary business profit was 4.0 billion yen for the first half of fiscal 2005.

During the first half of fiscal 2005, following the successful launch of Shinsei Bank's "Color your life" campaign, Shinsei Bank added more than 247,000 new *PowerFlex* retail and high net worth customers, compared to about 194,000 over the same period last year. The retail business now has over 1.5 million retail accounts.

ALM/Corporate/Other

ALM, Corporate and Other primarily includes results of corporate treasury activities, income from proprietary investments, inter-company eliminations, and corporate level expenses. The first half ordinary business loss of 1.0 billion yen is better by 0.8 billion yen as compared to the same period last year largely due to lower expenses.

3. Balance Sheet

Shinsei Bank's loan balance was 3,828.0 billion yen at the end of September 2005, 397.6 billion yen or 11.6% higher than the March 2005 level. In the first half, strong loan growth was achieved in several key areas such as corporate loans, retail housing loans, non-recourse real estate finance and lending to CCF customers. Corporate loans increased 6.8% or 167.4 billion yen to over 2.6 trillion yen and loans to retail customers, including lending to high net worth individuals, grew 36.4% or 112.2 billion yen to 420.3 billion yen. Lending to CCF customers increased 42.3 billion yen to 315.0 billion yen in the six-month period ended September 30, 2005.

Debentures and corporate bond balances, as a component of the banks funding, continue to

decrease in line with the strategy to emphasize funding through retail deposits. As of September 30, 2005, total debentures and corporate bonds stood at 1,263.7 billion yen, a decline of 67.2 billion yen during the six-month period. Total deposits increased 14.8% to 3,964.3 billion yen mainly due to an increase in retail deposits. The retail deposits balance, including high net worth customers, grew over 23% in the first half and has now reached over 2.8 trillion yen. As a result, retail funding now represents close to 64% of total customer funding, an increase from 60% as of March 2005.

4. Non-performing Loans (non-consolidated)

Shinsei Bank made further progress in bringing down its non-performing loan balances. As of September 30, 2005, total non-performing loans were at 46.1 billion yen – a decline of 27.7 billion yen or 37.5% as compared to the same period a year ago and a reduction of 5.7 billion yen from March 31, 2005. Non-performing loans currently represent 1.16% of total claims outstanding.

5. Reserve for Credit Losses (non-consolidated)

The total reserve for credit losses was 114.5 billion yen as of the end of September 2005, a decline of 9.9 billion yen from the end of March 2005.

6. Dividends

The first half of fiscal 2005 financials and a proposal for Shinsei Bank to pay interim dividends to common shareholders of 1.48 yen per share, as compared to 1.29 yen per share a year ago, will be submitted to the Board of Directors on November 30, 2005.

Shinsei Bank is a Japanese banking institution founded on global standards of governance and management. With over \$61 billion in assets and 30 Shinsei Financial Centers throughout Japan (non-consolidated, as of September 2005), Shinsei provides a broad range of value-added financial solutions to institutional and individual customers under the banner of "Better Banking." Our PowerFlex account, free ATM network and internet banking service, and customer friendly financial centers have redefined the Japanese retail banking experience. Shinsei is committed to long-term growth and profitability by expanding its customer-focused business model.
